

E-WASTE

Recycle all electronic waste!
Where: Regional Landfill Site - Sub. 1 + 4

Items that can be recycled

Desktop Computers: keyboards, mice, cables and internal components etc.

Portable computers: laptops, netbooks, notebooks and tablets etc.

Computer peripherals: mice, keyboards, trackballs etc.

Desktop printers: copy, scan, print and fax machines etc.

Display devices: televisions and monitors etc.

Personal or portable audio devices: headphones, Cd players, Tape/radio players, digital and video cameras etc.

The Electronic Recycling Association has launched an extended producer responsibility Electronic Product Recycling program.

This means that residents of Newfoundland and Labrador can now recycle their end of life electronics and help divert potentially hazardous materials from entering the landfills.

For a Complete list of electronic products accepted through the program visit www.norpenservices.ca:
